ACB75EU | Targus Bluetooth® 4.0 Micro USB Adapter for Laptops

Targus USB Bluetooth® 4.0 Adapter brings Bluetooth compatibility to your desktop PC or laptop enabling you to work with Bluetooth enabled peripherals. Supporting the latest Version 4.0 specification, it offers ultra-low power consumption with support for Bluetooth Low Energy. Fast data transfer rates of up to 3Mbps help speed up file and data movement between devices, synchronize contacts and calendar information with your smart phone, wirelessly print and even connect to the internet or a network via your mobile phone. Capable of operating within a range of up to 10m, you can now connect to multiple Bluetooth enabled devices, such as a keyboard, mouse and printer to create a truly wire-free environment.

- USB adapter brings Bluetooth capability to your desktop PC or laptop
- Connect up to 7 Bluetooth devices
- Easily transfer and synchronise data between devices
- Ultra-low power consumption with support for Bluetooth Low Energy (BLE)
- Backwardly compatible with Bluetooth 1.1, 1.2, 2.0 and 2.1 devices
- Easily and safely transfer and synchronise data between devices with in-built 128-bit encryption and authentication
- Micro receiver can be left permanently plugged into your laptop
